

Best Service • Best Solutions™

6-Point Pledge

- 1. We Will Provide Timely, Expert Service.** Our team approach to service means there will always be someone available who knows your business. You'll have an assigned account manager, an assigned backup account manager, an assigned sales support assistant, and an assigned sales manager.
- 2. We Will Only Sell You What You Need.** We will take the time to thoroughly assess your situation before we strategize a smart solution that's based on your specific needs, rather than a set of pre-packaged products. The products and services we recommend will be *only* those that we believe will best address your current needs while accommodating projected growth.
- 3. We Will Objectively Recommend Only The Best Solutions.** We market and service products from the world's top providers, we never favor one product over another. We always offer unbiased purchasing advice.
- 4. We Will Work Hard To Earn Your Trust.** We will never forget that your business and referrals are the core of our business.
- 5. We Guarantee Prompt Delivery.** With multiple distribution points across the U.S., we can guarantee the fastest delivery in the industry.
- 6. We Guarantee Our Service.** We will go the extra mile to ensure your satisfaction; this includes a fair money back guarantee on services and consultations.
